PRODUCT SPECIFICATION

- Rubber granules SBR, polyurethane binder
- The products are not subject to REACH classification and do not contain substances classified as hazardous.
- The product is weatherproof.
- Thanks to the bevelled edges, it drains perfectly.
- The underside of the board has a corrugated structure reminiscent of a chocolate bar so that it does not deform under the influence of weather conditions and maintains an even surface over the long term.
- The protuberances prevent slipping on sandy ground.

STORAGE CONDITIONS

- Products can be transported by any means of transport, in a manner that protects the packaging against mechanical damage.
- Mats should be stored in dry, wellventilated rooms, away from heating devices, without direct exposure to external factors, in a way that ensure safe storage and invariability of technical properties.
